

Kids' Court with the PSNI

Primary 7 had a great morning with the PSNI learning about the importance of road safety. To further our learning, we took part in a project called Kids' Court. Officers from the traffic branch of the PSNI were present at school today catching people who were speeding in our 40mph zone. Today, they caught 8 people in total. When stopped, the people were given the choice of taking an instant fine and points or coming into school to face our pupils as the judges. 6 people opted to take part in the kids' court, under strict supervision of the PSNI and then were able to walk away with no fine and points. It was a great day and a great lesson to us all – kill your speed on our road!
